What You Get When You Join CEASE

You will become a link in the CEASE Network helping to building strength for our work for a safe world for children. Actions coordinated through networking are more effective. Members will receive two newsletters and one resource packet each year. They are invited to our Annual Meeting held during the NAEYC National Conference, and to attend CEASE offered seminars and other workshops at the Conference. In addition, CEASE members in some areas work together as participants and advocates at local early childhood events. Members are encouraged to contribute ideas, activities, and resources to the newsletter, and to spread the work of CEASE through their networks.

Our goal is to support the activism of our members in their work for a safe world. Action alerts will be updated on our website regularly. You are also invited to join our e-group Act4CEASE where you and others can post action messages and information.

All materials published by CEASE are available to be reproduced and distributed.

CEASE is a project of the Survival Education Fund.
